**(Unaudited)**

**1. Summary of Operations and Significant Accounting Policies**

The terms "we," "our" and "us" as used in this report refer collectively to Texas Eastern Transmission, LP and its subsidiaries unless the context suggests otherwise. These terms are used for convenience only and are not intended as a precise description of any separate legal entity within Texas Eastern Transmission, LP.

**Nature of Operations.** Texas Eastern Transmission, LP, a Delaware limited partnership, is an indirect, 100%-owned subsidiary of Spectra Energy Partners, LP, which is owned 77% by Spectra Energy Corp. We are mostly engaged in the interstate transmission and storage of natural gas. Our interstate natural gas transmission and storage operations are subject to the rules and regulations of the Federal Energy Regulatory Commission.

**Basis of Presentation.** The accompanying Condensed Consolidated Financial Statements are prepared in accordance with generally accepted accounting principles (GAAP) in the United States and reflect our consolidated results of operations, financial position and cash flows. These interim financial statements should be read in conjunction with the most recent audited financial statements and reflect all normal recurring adjustments that are, in our opinion, necessary to fairly present our results of operations and financial position. Amounts reported in the Condensed Consolidated Statements of Operations are not necessarily indicative of amounts expected for the respective annual periods.

**Consolidation.** The Condensed Consolidated Financial Statements reflect the elimination of intercompany transactions and balances.

**Use of Estimates.** To conform with GAAP in the United States, we make estimates and assumptions that affect the amounts reported in the Condensed Consolidated Financial Statements and Notes to Condensed Consolidated Financial Statements. Although these estimates are based on our best available knowledge at the time, actual results could differ.

**Income Taxes.** We are not subject to federal income taxes, but rather our taxable income or loss is reported on the income tax returns of our partners. We remain subject to Tennessee income tax.

We are subject to cost-based regulation and consequently record a regulatory tax asset in connection with the tax gross up of allowance for funds used during construction equity. The corresponding deferred tax liability is recognized as an Attributed Deferred Income Tax Benefit in the Condensed Consolidated Statements of Partners' Capital since we are a pass-through entity.

**Inventory.** Inventory consists of natural gas held in storage for operations and materials and supplies. Natural gas inventory is carried at historical cost and materials and supplies is recorded at the lower of cost or market value, using the average rate method.

**Natural Gas Imbalances.** The Condensed Consolidated Balance Sheets include in-kind balances as a result of differences in gas volumes received and delivered for customers. Since settlement of imbalances is in-kind, changes in balances do not have an effect on our Condensed Consolidated Statements of Operations or Condensed Consolidated Statements of Cash Flows. Natural gas volumes owed to or by us are valued at natural gas market index prices as of the balance sheet dates.

## **2. Commitments and Contingencies**

**Environmental.** We are subject to various federal, state and local laws and regulations regarding air and water quality, hazardous and solid waste disposal and other environmental matters. These laws and regulations can change from time to time, imposing new obligations on us.

**Litigation.** We are involved in legal, tax and regulatory proceedings in various forums arising in the ordinary course of business, including matters regarding contract and payment claims, some of which may involve substantial monetary amounts. We have insurance coverage for certain of these losses should they be incurred. We believe that the final disposition of these proceedings will not have a material effect on our consolidated results of operations, financial position or cash flows.

## **3. Subsequent Events**

We have evaluated significant events and transactions that occurred from July 1, 2016 through August 23, 2016, the date the Condensed Consolidated Financial Statements were issued.
